Permits That May Accompany Animal Products, Organisms, and Specimens

PPQ Form 526: Application and Permit to Move Live Plant Pests or Noxious Weeds

Purpose: To permit the controlled movement of plant pests into the United

States.

Directions: 1. See that the permit has not expired. If expired, CONTACT PPQ PERMIT SERVICES at 1-877-770-5990.

2. Make sure that conditions (if any) listed on the permit have been met (these will be listed in Section C). If any condition is unmet, CONTACT PPQ PERMIT SERVICES at 1-877-770-5990.

3. If all conditions have been met and the permit is current, RELEASE.

FIGURE A-1: PPQ Form 526—Application and Permit to Move Live Plant Pests or Noxious Weeds

VS Form 16-6: United States Veterinary Permit for Importation and Transportation of Controlled Materials and Organisms and Vectors

Purpose:

To permit the importation and controlled movement of these commodities:

- cultures and organisms or their derivatives which may introduce disease or disseminate any contagious or infectious disease of animals
- animal derived products

Directions:

- **1.** Inspect for secure packaging. If not secure, CONTACT CBP AI.
- 2. See that permit has not expired. If expired, CONTACT CBP AI.
- **3.** See that the shipper and consignee are as specified on the permit. If they're not, CONTACT CBP AI.
- **4.** See that the importation description matches the description of material on the shipping documents. If not, CONTACT CBP AI.
- **5.** If package is secure, the permit is current, and the shipper and consignee are as specified on the permit, RELEASE.

FIGURE A-2: VS Form 16-6—United States Veterinary Permit for Importation and Transportation of Controlled Materials and Organisms and Vectors

APHIS Form 2006: United States Veterinary Biological Product Permit

Purpose:

To permit the importation of veterinary diagnostics, viruses, bacteria, toxins, and analogous products into the United States.

Directions:

- **1.** See that the permit has not expired. If expired, CONTACT CBP AI.
- **2.** See that the importation description matches the description of the material on the shipping documents. If not, CONTACT CBP AI.
- **3.** If the permit is current, and the description on the permit matches the description on the shipping documents, RELEASE.

FIGURE A-3: APHIS Form 2006—United States Veterinary Biological Product Permit

Certificates That May Accompany Meat and Animal Products (Reserved)

Certificates That May Accompany Plants and Plant Products

CFIA/ACIA Form 0108: Movement Certificate (Canadian)

Purpose: A document issued by the Canadian Food Inspection Agency certifying

that articles are permitted to move from quarantine areas. Since the United States and Canada have parallel regulations for the gypsy moth, this certificate is acceptable for the movement of bulk articles (like railroad crossties) and outdoor household effects from Canada

into the United States.

Directions: If this form declares that "the product is free from gypsy moth," then

you may release bulk articles (like timber and quarry products) and

outdoor household effects.

FIGURE A-4: CFIA/ACIA Form 0108—Movement Certificate (Canadian)

CFIA Form 1327: Phytosanitary Certificate (Canadian Origin)

Purpose:

A document issued by the Canadian Food Inspection Agency certifying to the phytosanitary condition of plants and unprocessed or unmanufactured plant products.

Directions:

- **1.** Use this form to confirm Canadian origin for plants and produce.
- **2.** Look at the "Additional Declaration" block for statements that are required for you to allow entry (like the importer holds a U.S. permit or the shipment has been treated for a particular pest).

If you detect an alteration on the phytosanitary certificate, **CONTACT CBP AI**. Look for erasures, information that was struck through and changed, and the use of white out.

FIGURE A-5: CFIA Form 1327—Phytosanitary Certificate (Canadian Origin)

CFIA/ACIA Form 1357: Phytosanitary Certificate for Re-export (Canadian)

Purpose:

A document issued by the Canadian Food Inspection Agency certifying that plants and unprocessed or unmanufactured plant products re-exported from Canada are considered to conform to the phytosanitary regulations of the importing country and that while in Canada, the material was not subject to infection or infestation.

Directions:

- **1.** Use this form to identify the foreign source (non-Canadian) for plants and produce.
- **2.** Use this form to confirm U.S. origin for U.S. plants being returned from Canada.

FIGURE A-8: CFIA/ACIA Form 5289, Seed Analysis Certificate (Canadian)

CFIA/ACIA Form 5309: Seed Export Label

Purpose: A document issued by the Canadian Food Inspection Agency to certify

seed exported by facilities that are certified in the Canadian

Phytosanitary Certification Program for Seed. It is typically used to

certify shipments of small packet seed.

Directions: Use this form in lieu of a phytosanitary certificate to allow the entry of

seed into the U. S. from the authorized Canadian exporters listed in

Appendix D.

FIGURE A-9: CFIA/ACIA Form 5309, Seed Export Label

CFIA/ACIA Form 5329: Material Produced under the Swede Midge Certification Program

Purpose:

A document issued by the Canadian Food Inspection Agency certifying that the shipment of greenhouse grown plants was produced under the Swede Midge Certification Program and is considered to conform with the phytosanitary import requirements of the United States.

Directions:

Use this form to allow the entry of greenhouse grown host plants of Swede Midge into the U. S.

FIGURE A-10: CFIA/ACIA Form 5329, Material Produced under the Swede Midge Certification Program

Export Label Document

Purpose: A document issued by the Canadian Food Inspection Agency certifying

that the shipment contains material produced under the Swede Midge

Certification Program from Canada.

Directions: Use this form to allow the entry of hosts of Swede Midge into the U. S.

PPQ Form 577: Phytosanitary Certificate (U.S. Origin)

Purpose: A document issued by a Federal or State official certifying to the

phytosanitary condition of plants and unprocessed or

unmanufactured plant products based on an inspection of the entire

shipment or a representative portion of the shipment.

Directions: Use this form to confirm U.S. origin for U.S. returned plants and

produce.

Forms to Use When Seizing Agricultural Products

Leaflet: Notice to Arriving Traveler

Purpose: A leaflet that explains to the traveler why agricultural items must be

seized.

Directions: Give this leaflet to the traveler whenever you seize an article or have it

returned to Canada.

Availability: Order this leaflet from your local PPQ contact. The leaflet is available

in several languages so be prepared to tell your contact what languages you need. The leaflet reproduced on the adjacent is in

English and French. Feel free to photocopy this leaflet.

NOTICE TO ARRIVING TRAVELER

We regret that it is necessary to take agricultural items from your baggage. They cannot be brought into the United States because they sometimes carry plant and animal pests and diseases. Restricted items include fruits, vegetables, meats, plants, soil, and products made from plant or animal materials.

Agricultural pests and diseases are a threat to U.S. food crops and livestock. Some of these organisms are natural "polluters" capable of upsetting local ecological balances by destroying trees and other plant life. They also can affect property values by damaging lawns, ornamental plants, and (in the case of termites and other wood-eating insects) homes.

Confiscated items are carefully destroyed in special facilities of the U.S. Department of Agriculture. If you have any questions, write to: "Quarantines," U.S. Department of Agriculture, P. O. Box 96464, Washington, DC 20090-6464.

To file a complaint, write the Secretary of Agriculture, U. S. Department of Agriculture, Washington, DC 20250, or call (202) 720-7327 (voice) or (202) 720-1127 (TDD). USDA is an equal employment opportunity employer.

Nous regrettons la necessite d'avoir a supprimer les produits agricoles de vos bagages. Ils ne peuvent pas etre introduits aux Etats-Unis parce qu'ils transportent parfois des insectes nuisibles aux plantes et aux animaux. Les articles sujets a ces restrictions comprennent fruits, legumes, viandes, plantes, terre, et produits fabriques avec des substances vegetales ou animales.

Les insectes et les maladies agricoles representent une menace pour les recoltes vivrieres, les plantes ornementales, et le cheptel des Etats-Unis. Certains de ces organismes bouleversent les balances naturelles en detruisant les arbres et autres flores. Ils peuvent aussi reduire la valeur des proprietes en endommageant les pelouses, les plantes ornementales, et meme les maisons—lorsque les termites et autres insectes detruisent le bois.

Les articles confisques sont soigneusement detruits dans des locaux speciaux du Ministere de l'agriculture des Etats-Usis. Si vous avez une question quelconque, ecrivez au bureaua "Quarantines," U.S. Department of Agriculture, P. O. Box 96464, Washington, DC 20090-6464.

Forms to Use When Seizing Agricultural Products

PPQ Form 216: Cooperators Agriculture Products Monthly Seizure Record

Purpose: A form on which to record agricultural products seized and the

number of flights boarded.

Directions: 1. Use this form to tally the number of articles seized for each of the

five categories.

2. For meats, enter the number of pounds seized.

3. Tally your "scores" at the end of the month and send to your CBP

AI contact.

Availability: Request additional forms from your CBP AI contact.

Forms to Use When Sampling Agricultural Products

PPQ Form 237: Record of Seed Offered for Importation Under the Federal Seed Act

Purpose:

A form that notifies consignees that their seed has been sampled and forwarded to USDA for examination. The form warns the consignee that the seed must be held intact subject to redelivery to Customs if demanded.

Directions:

- **1.** Complete Section 1 of this form for each lot of seed.
- **2.** Put the completed pink copy (Part 3) of the form and declaration of labeling (copy of the label and invoice) into the cloth bag.
- **3.** Secure the outer cloth bag by tying the mailing tag.
- **4.** Send the sample with its completed form by **PRIORITY MAIL** to:

Seed Examination Facility PPQ-APHIS-USDA Building 580 BARC-E Beltsville, MD 20705

- **5.** Give the completed yellow copy (Part 4) of the form to the consignee or the consignee's agent.
- **6.** Mail the remaining white copies (Parts 1 and 2) of the completed form to the SEF in a separate envelope. Mail these copies the same day you send the sample—but separate from the sample.

Availability:

Request additional forms, bags, and tags from the address listed above.
